

FAKE BRIDAL PAIR CATCH RIAL TO JEWELLER IN SHORT-WEIGHT NET

Forgotson Sold Diamond to
Couple That Turned Out
One-Half Shy.

John L. Walsh, Commissioner of Weights and Measures, to-day halted the Yorkville Police Court as the first catch in a crusade to enforce the recent standardization of diamond weights. Joseph A. Forgotson, a well known jewelry dealer, was charged with violation of Section 541 of the Penal Code which makes the selling of a diamond on the assertion that it weighs more than it really does a misdemeanor. The jeweller was charged with selling to two of Commissioner Walsh's inspectors a diamond purporting to weigh 2.4 of a carat when in reality it weighed, according to the commissioner's experts, only 2.4 of a carat.

On July 1 the Jewellers' Board of Trade announced that hereafter the universal carat as understood in the trade would be 200 milligrams. Shortly after Commissioner Walsh determined to see whether jewelers and pawnbrokers were living up to this decision and two inspectors were assigned to the task. They were Miss Rhoda McCormick, one of the youngest young women of the commissioner's staff, and Harry Rosenberger. Finding no exception in the establishment at Broadway and Fortieth street, according to their affidavit, and there bought the disputed diamond for \$75, including the cost.

When it was found, according to the complaint, that the stone was under-

weight a summons was obtained in response to which Forgotson appeared to-day accompanied by a squad of lawyers. Magistrate Corrigan set a hearing for next Friday afternoon.

GEORGIA'S DIRECT VOTE.

Ballots for U. S. Senator Under New Amendment for First Time.

ATLANTA, Ga., July 15.—Provisions of the newly ratified Seventeenth Amendment to the Federal Constitution were put into practice to-day for the first time when voters of Georgia cast direct ballots in the election of a United States Senator. The election was for a successor to Senator Augustus O. Bacon for the remainder of a term ending March 4, 1915.

Senator Bacon, who was nominated to succeed himself at a Democratic primary nearly a year ago and is opposed for re-election, now holds office by appointment of the Governor. His former term expired March 4, and emergency appointment was made for the period until the meeting of the State Legislature this summer, when a successor was to be chosen. Meantime the popular election amendment was ratified.

THREE DAYS' CELEBRATION AT TRAVERS ISLAND.

There will be three days of celebration, beginning Thursday and continuing

through Saturday, at Travers Island, to mark the twenty-fifth anniversary of the opening of the New York Athletic Club's country home. The committee has arranged a programme that includes every branch of sport. On Thursday there will be track and field events and rowing races starting at 5 P. M. This will enable the members and the guests to arrive at the island in time to witness all the events. In the evening there will be a reception to the athletic members by the officers. This will be followed by a dance. On Friday at 5 P. M. there will be a lacrosse match between the Crescent A. C. and the combined team of New York Lacrosse Club and the Bronx Club. There will also be special yachting events in the afternoon and in the evening a dance.

WIRELESS RATE TO BERLIN PROMISES TO BE MODERATE.

BERLIN, July 15.—During the experiments in transmitting wireless messages from the Count Arcois Telefunken station at Bayville, L. I., two telegrams of twenty-eight words each were transmitted to the station at Naue, nineteen

miles from Berlin, with an expenditure of only six kilowatts energy. Hitherto the transmitting of messages between America and Germany has required 100 kilowatts.

There appears to be an expectation that the tariff on messages may be greatly lowered.

The Marconi station at Glace Bay employs 120 kilowatts and the new Marconi station is to use double that energy.
